

DASHBOARD GUIDE

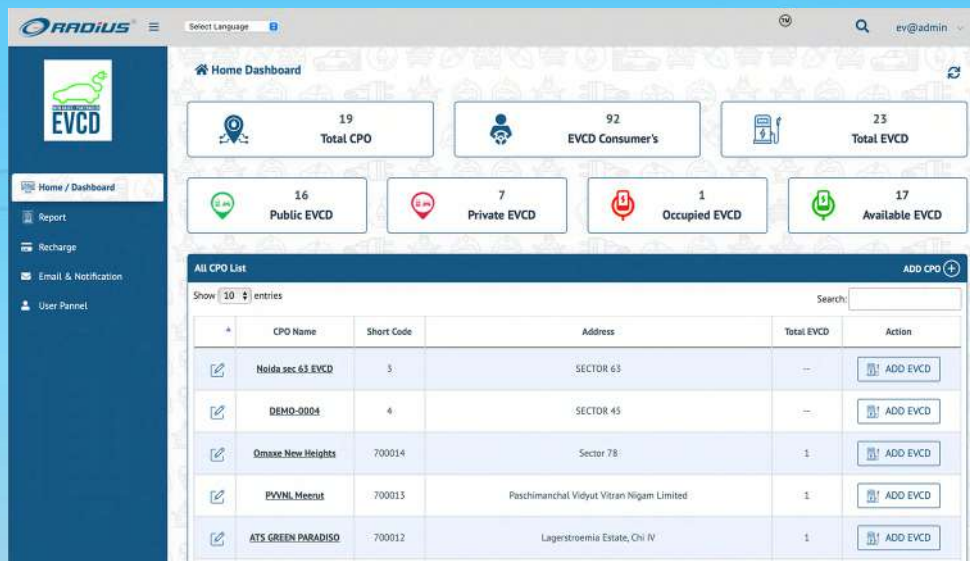

Powered By **XENIUS**
Humanizing Machines

Login Page:

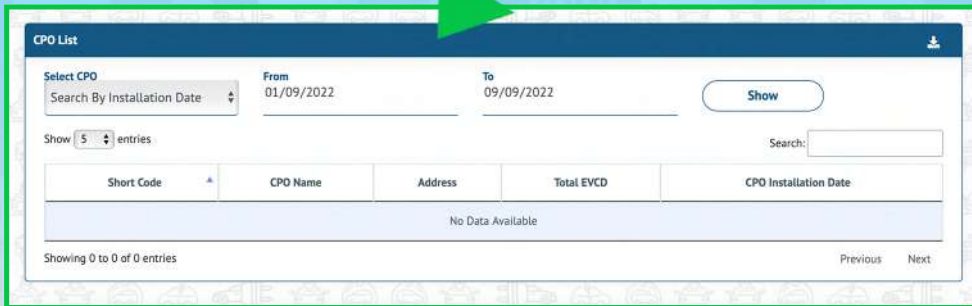

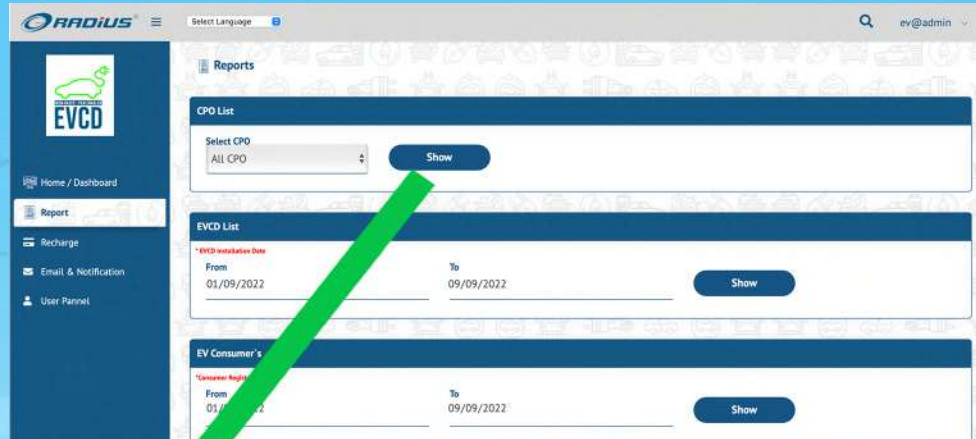

Scan the QR code or visit the URL:
evcd.co.in

Enter your Username i.e. your Login id and Password
to access the admin panel for user details, reports, add
new CPO and/or Recharge account.

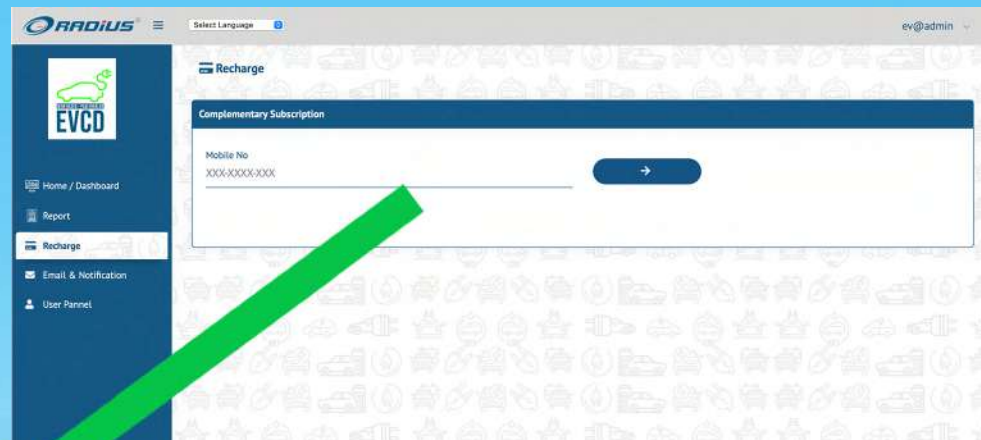

Home Dashboard:

The main dashboard lets users view the total CPOs, EVCD units, consumers and also provides information on public & private connections. The dashboard also informs on all Available EVCDs and occupied ones too. User can also register new CPO here.

Report Page:

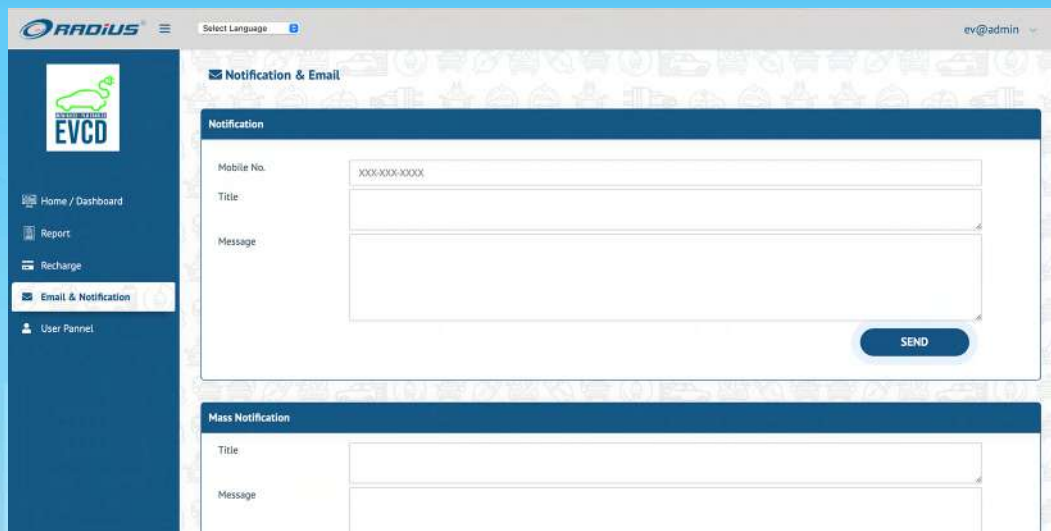

Users can get detailed reports for individual CPO or a combined one too. This feature also lets user download reports for EVCDs installed and their consumers.

Recharge Page:

This feature allows admin to recharge a specific consumer number with desired amount.
